

Thank you for considering People For Pets – MVHS, Inc. for your new family member!

There are a few things we ask that you keep in mind when thinking about adding a cat to your family:

- Your new cat will need to be allowed an adjustment period anywhere from 3 weeks to 3 months to settle into their new life with you. Some cats will hide for a week or more.
- The staff may suggest certain measures be taken to ensure the cat's safety and happiness, including adjustment periods, cat to cat introductions, introducing the cat to the outdoors.
